

# SONGS OF LEADERSHIP 1996

## Cheer

Hey Leadership - Yeah

Hey Leadership - Yeah

Leadership, Leadership, Leadership, Leadership

Get up, Get up, Get up, Get up, Get up

Ooh, Ah, Ooh, Ah

Leadership there is no other

Let me hear you yell those color

Pur-ple, Pur-ple

Leadership there is no other

Let me hear you yell those numbers

9-6, 9-6

Leadership '96 (clap)

Take a walk on the wild side

## Song

Hiking down the trail of Mount Boney

It's like ahh and it's like eww

We needed a rock in order to poo!

Now we are hot and smelly

You know what we are thinking

Want to take a shower 'cuz you know we were stinkin'

Pulled off our shirts

But we started to burn

So we put them back on as we walked through the fern.

So up, up, up we go

Go into the front if you are hiking kind of slow

So here comes the hot sun

Trying to get out

But not until we're done

Gotta eat lunch, gotta eat quick because we are going to get sick  
So give me that, that, that food  
Give me that, that, that water  
Give me that give me that give me that Camp!

### **Song Continued**

Ok, back, back to the long trail  
Maybe later Ben will bring us our mail  
Save that water  
Now don't you waste it  
Sam will spritz it all over your face, kid

You know, you know one thing  
You know we all like to sing  
As we walk on our feet  
We sing and dance to the beat  
Now er scream and shout  
While we're walking that trail in and out  
The oak was insane  
M. O. P. was its other name!

Uhhh those bees Adam  
Uhhh those flies Howard  
Uhhh those blisters Darren  
Gently put a bandage on!

Give me that, that, that food  
Give me that, that, that water  
Give me that, give me that, give me that Camp

I love Newtons and Newtons love me  
Like a lemon to a lime  
Like a bumble bee on me  
You know it's real good and a hiker can't resist it  
Supporting you're ankle so it doesn't get twisted  
'Cuz at the beach is the place to be

Drinking water is the life for me  
Spread the suntan lotion on your back  
Leadership's the bomb and that's a fact!

So give me that, that, that food  
Give me that, that, that water  
Give me that, give me that, give me that Leadership!
