

SONGS OF LEADERSHIP 2018

(Verse 1):

Right now, we're packing in the dark
And the power isn't on
And I can't find my toothbrush

Right now, we're waking up at three
The power is still off
And we're chalking on the sidewalk

Right now my sandwich doesn't fit
In my Fjallraven Kanken
And I wish I brought a bigger one
Time to go...

(CHORUS):

I dug my feet into the ground
Of this leadership hike going round and round
I just really need to pee (NO!)

Shwoo lied to us about the sunrise
Katie lied to us a thousand times
Maybe next time we'll think before we hike.

(Verse 2)

Right now I couldn't bring my watch
So I don't know the time
But I guess "it doesn't matter"

Right now I'm tryna find my friends
But Emily is dead
And Ezra won assassin (BOOM!)

Right now the flies are everywhere

Braids falling out my hair
We've got forty-eight kombuchas...
...ON THE WALL!

[CHORUS]

Verse 3

Right now we just found out that
Shwoo did pretty well
On American Ninja Warrior

Right now I'm tired of my pants
But Katie keeps saying
That there's going to be more poison oak

Right now, we made it to the beach
And I'm staying so excited
Because it's my favorite time...
IT'S PARTY TIME!

[CHORUS]
