

SONGS OF LEADERSHIP 1998

Cheers

Everybody up now, do, do, do, do, do
Listen to our cheer now, do, do, do, do, do

Leader (clap, clap, clap), Ship (clap, clap, clap) (2x)
Leadership is bonded, total of 71
We're at Camp Hess Kramer
Having so much fun

Leader (clap, clap, clap), Ship (clap, clap, clap) (2x)

We've got so much spirit, unity and love
Put us all together your bound to get a hug

Leadership '98 – One Love!

I said we are Leadership
And we've come to say hello
To the campers, the counselors, the kitchen staff
The poolman and Gidon
Now Havurah is cool
And Kehillah is great
But when it comes to having fun
Nothing beats L '98 (yeah, yeah)
Leadership '98 – Please remain seated while the ride is in motion!
Time to get live
Time to represent
Leadership, what time is it?
98, 98, 98, 98
Gimme an L, (L you got your L, you got your L)
Gimme a 9, (9, you got your 9, you got your 9)
Gimme an 8, (8, you got your 8, you got your 8)
Now Hush (You don't want none of us!)
Do ya, do ya (Leadership!)
Do ya, do ya ('98) (2x)

No, I don't think so!

Sung To The Tune Of "The 59th Street Bridge Song"

Slow down, you hike to fast
We gotta make our water last, just
Push back all the trees and weeds
Our patience is gone
We're feeling groovy

Chorus: Ba, da, da, da, da, da, da, all is groovy
Ba, da, da, da, da, da, da, all is groovy

Hey Mount Boney, whatcha knowin'
Ate lunch at Sandstone Peak and kept goin'
Ain't you got no shade for us
Out of water and feeling groovy (Chorus)

I've got no water left and blister on my feet
I'm smelly and tired and ready to sleep
Now we've finished our hike and we're out of the heat
Leadership, I love you, all is groovy! (Chorus)

Sung To The Tune Of "The Way"

We woke up at 5
And we finished packing
We left before the camp woke up that day
We exited on the Yerba Buena Roadway
Not even knowing what was gonna be in our way

Chorus: Everyone could see the trail that we hike on was over-grown
All we really wanted was just to go home
But then things got better and soon we had lots of fun
The only thing in our way was the sun

We sat in the shade, while resting at Split Rock
And we were on our way to Mount Boney

We finally reached to top and we were hungry
Where were we going with Buck leading the way (Chorus)

Sung To The Tune Of "The Way"

We reached Circle X, and we filled our waters
We hiked to the grottos and back again
We ran to the Kybos for relief
Thank G-d Ben was there barbecuing hot dogs and beef (Chorus)

We then reached the beach, and we went in running
The water cooled us down, and cleaned us up
We stayed up late playing games and talking
Just so the next day we'd hike back to CHK (Chorus)

Sung To The Tune Of "Brown Eyed Girl"

Hey where did we go?
Sunday till Tuesday
We hiked up Mount Boney
Complaining the whole way
Climbing and a falling (Hey, hey)
Drinking and a sweating
In the blazing heat we walked
Till we go to Circle X, just us
Leadership, we are L '98

Whatever happened?
To going the right way
Walking through the P. O.
Can we take off our pants we'd say
Climbing and a falling (Hey, hey)
Drinking and a sweating
12 miles until the beach
Then the girls can cook the steak, just us
Leadership, we are L '98

Do you remember when
We used to think the beach was over the next mountain?

But we were wrong, we were wrong
Finally we reached the beach and now we know we're strong
Leadership, we are l '98

Sung To The Tune Of "Lean On Me"

3, days in our lives
We all shared pain, we didn't shower
But, when we are tired
someone will rap, "Yo there's always tomorrow

Chorus: Hike with me, when your not strong
And I'll be your friend, I'll share my water
For, it would be long, till we can rest
Go buff in the grottos

Bridge: You just call on Leadership when you need a hand
We all need somebody to hike with
You just might trip or fall, you'll need someone to call
Just know there's always L'98

If, you're feeling down
Wipe off that frown
The wheat fields will end soon
Quick, put hands in the air
Charlie's over there
Come on and hike with me (Chorus)

Sung To The Theme From "Friends"

Look like no one told you about the counselors of LV
There's 2 Jeremys, Jen, Jule, Sharon, Mike, Lindsay
Jeremy W. was always stuck in the rear
With a 40 pound backpack full of all our lunch and all of our gear

Chorus: But they'll be there for you, when the weather's 104
They'll be there for you, Cause they've been there before
They'll be there for you, Cause we're there for them too

Lindsay like to sit in the creeks with algae there all day
She signed up for camp not knowing about hard work and little pay
Mike liked to hike in back without his shirt
His wrestling was fun although a lot of us got hurt (Chorus)

Sung To The Theme From “Friends” (Continued)

Julie sang her high school cheers when we were down on luck
She liked the grottos, but where'd she go with Buck?
Sharon needed a space of 10 feet
She comforted the sick and weak, oh how sweet! (Chorus)

Jen liked to play her game of “whoa Sally whoa”
She trucked the mountains, boy that girl can bust a flo
Jeremy B. gave us chats on love
He played “Lord of the Flies” and told us all what his thermometer was
(Chorus)

Sung To The Tune of “I’ll Remember”

Say hello to life long friends and memories that never end
Say hello to L ‘98 the fun the laughs we shared

Chorus: And we’ll remember all of our campers
 Now that we’ve shared so much with you
 And we’ll remember the love that you gave us
 We’ll remember!

At first we were just people who did not share a common bond
But now we are united, we are 71 – going strong (Chorus)

We’ve learned to hold on to Leadership and all of you
You’ve taught us to be strong, thank you, WE LOVE YOU! (Chorus)
