

SONGS OF LEADERSHIP 1968

Sung To The Theme From "Bonny and Clyde"

Boney we climbed
Together we went hiking
One lazy Sunday morning at 6 a.m.
Although we were scared
We carried out our mission to have a remission
Of our Leadership

Gary led and the counselors helped us along (Da da da da da da da da)
We stayed at Sanchez for the very first night
And then we went hiking on (Da da da da da da da da da da)

Hiking is hard, but when we were together
We overcame the weather
And the land and load
To Spurgens we came
Despite our perspiration
We were filled with inspiration
For the days to come

So here we are, one group united more (Da da da da da da da da)
Remembering still and for the years to come
Just what we went hiking for (Da da da da da da da da da da)

Leadership '68 will be remembered for evermore
Da da da da da da da da da da da da da da da da
OH YEAH!
