

SONGS OF LEADERSHIP 1984

Sung To The Tune of "Thriller"

We woke up Sunday, bright and early, way before the dawn
We hiked up Boney, following our leader, fearless Don
We reached to top and Stuie saved Greg's backpack from falling
At 2 o'clock, we made it down to Circle X for the night - a water fight

Cause this is Leadership '84
Our canteens were all empty, but we hiked on more and more
Cause this is Leadership '84
The racoons tried to stop us, but the guys still told a bedtime storeeee...

Sung To The Tune of "Beat It"

We woke up Monday at 5 a.m.
The counselors sang to us to get us out of bed
We rolled UP our sleeping bags
and started on the trail with Tony and Robert (DIPOS)

Move it (move it)
Hike it (hike it)
If there is no trail than make it
Put on your long sleeves there's poison oak
Come on Tony, this is no joke
Just beach it (beach it).

Sung To The Tune of "I Want You Back"

Now we'er back at CHK
We're smelly and we're tired
Jon, Jody, Tracy, Carol, Kevin
 Wendy, Dave and Howard.
I's nice to be back home with you
We missed you while we're gone
Now that we're back again
 We'll finish up this song

OH, baby, we are Leadership '84

Waiting for the Canadian cycling team.
Hiking, sweating - we had so much fun
(but now it's all over)
We're glad to be back here - at CHK (clap)

Sung To The Tune of "Kol Ha'olam"

Bless the water bottle
We owe our lives to you
Without your constant spray
We would not have made it through

Bless the water bottle
We owe our lives to you (2x)

We sprayed our faces, we sprayed our necks
Without you, we would all be wrecks

Sung To The Tune of "Bayom Ha Hu"

Chorus: Leadership of '84
We came - we saw - we hiked up Mount Boney
Leadership of '84
We sweat and poured water down our necks

On the first days
Stu, Pete and Rabbi Wolf
Left us on the trail of oak and dirt
And Don became our guide

And we became closer as a group
As we overcame the trail and our counselors
Did prevail (poison oak everywhere!) Chorus

On the next day's hike, we rose up with the sun
Rolled our sleeping bags, at Artie's eggs
And hiked on feeble L'eggs.

And we became closer as a group

As we overcame the trail and our counselors
Did prevail (poison oak everywhere!) Chorus

Sung To The Tune of “Ghostbusters (Who ya gonna call?)”

If there is something moving at Circle X
Who ya gonna call - Ra-coon Busters!
If its got cute eyes - behind a black mask
Who ya gonna call - Ra-coon Busters!
(I ain't afraid of no Racoon) 2x

If you're eating dirt and it makes you cough
Who ya gonna call - Dirtbusters!
If you think you're tan but it washes off
Who ya gonna call - Dirtbusters!
(I ain't afraid of no dus!) 2x

If Tony's in the lead with Goody Behind
Who do you need - Trailbusters!

- WHERE'S THE TRAIL?
- TONY, WE'RE LOST!
- TONY, STOP!

Yea, yea, yea, yea,

We had three days, with nothing to do
Who did we become - Hikebusters!

Sung To The Tune Of “Shama Lama Ding Dong”

We woke up	We stumbled down a long steep hill
Before the sun	Avoided poison oak - For water we'd kill
We hiked and hiked until	At the Beach we finally did arrive
The day was done	(Chorus)
Up and down Boney to Circle X	

Chorus:

We hiked and sweat all day - we sweat all day
In the blazing sun
Please put the H-2-0-0-0-0-0
Back into our canteens
That is why (2x)
We are Leadership '84 - Yea

Sung To The Tune Of "Lo Alecha"

Tracy, Jodi, Carol, Wendy, Jon, Howard,
Kevin and Dave (and Shneer!)
The Best (The Best) Counselors (Counselors)
That Leadership has ever seen (That's us)
Got massages every night
Lead us (Lead us)
On a hike (a hike)
Through poison oak and windy trails (oy vey!)
But we still had lots of fun!

TELL US A BEDTIME STORY - NO! THAT'S OUR FAVORITE!

LOOK - THE CANADIAN CYCLING TEAM!

Sung To The Tune Of "The Spirit of Human Love"

Leadership (Leadership) hiked on up to Mount Boney
And Leadership (Leadership) watched a pack go down a hill
And Leadership '84 (Leadership '84)
Had a great time (Had a great time)
And happened to survive - Leadership '84

Chorus: All of us are sweaty and very dirty
We need a shower right away
If it wasn't for the squirt bottles
You wouldn't see us here today (2x)

Tony (Tony) lead us down to the beach

While Robert (DIPOS) was picking up the rear
We were led astray, but Tony found the way
Then Artie greeted us with lunch (echo)
But not quite enough (echo)
But Lots of Punch - Leadership '84
(Chorus)
