Leader: The Leadership Hike

People: Was Smelly, hot, tiring, dehydrating, but lots of fun

Leader: Was Smelly, hot, tiring, dehydrating, but lots of fun. The counselors were:

Teisha, Jeff, Nancy, Sharon, Jill, Mark, Tony and SHLOMO.

People: Teisha, Jeff, Nancy, Sharon, Jill, Mark, Tony and SHLOMO. Thanks to them, we ran out of water.

Leader: And, we also got lost.

The Leadership Hike (clap, clap, clap), of 1983 (clap, clap, clap)

Coyotes, butter bugs and poison oak and Craig Marshall's bare tushy (tushy)

Who has my canteen, pass it over here.

Where's my flashlight, hand me the toilet paper.

By Seth and Artie (clap) we were fed, and down by Circle X (Circle X)

We poured water on our heads.

On our heads we poured the (clap) water. On our chests we poured the water.
Down our pants, on our legs, from our nose to our toes we poured the water
anywhere it goes.

We were so tired and hot, but we made it to the beach.

Then we had a steak dinner (Oh baby!)

And it tasted oh so fine (Ooooh Mama!)

Now we stand in front of you to sing this very song (We're Back!)

Sung To The Tune Of "Dah, Do, Run, Run"

We met each other when we got off the bus (Dah, Do, Run, Run, Run, Dah
Do, Run, Run)

With Hannah and the cabin there's 82 of us (Dah, Do, Run, Run, Run, Dah
Do, Run, Run)

Yea, we were shy back then,
Oh we didn't know where to begin
Yea, we were scared back then (Dah, Do, Run, Run, Run, Dah Do,
Run, Run)

We started out Sunday at the crack of dawn (Dah, Do, Run, Run, Run, Dah
Do, Run, Run)

We hiked and we hiked until we all became one (Dah, Do, Run, Run, Run,
Dah Do, Run, Run)

Yea, the hike was long,
But we all were strong
And now we really belong (Dah, Do, Run, Run, Run, Dah Do, Run,
Run)

We're back now and can honestly say (Dah, Do, Run, Run, Run, Dah Do,
Run, Run)

That we really know each other today (Dah, Do, Run, Run, Run, Dah Do,
Run, Run)

Yea, we're Leadership,
Of 1983

One big united group
Leadership of '83!!

Sung To The Tune Of "Modeh Ani"

We're Leadership of '83
We just returned from our hike
We're so happy, we had the best time
But now we're through, and here with you
Havurah, we missed you (echo)

Sung To the Jingle From The Diet Pepsi Ad

Now you smell us, Soon you won't
Here's the dirt, where's the soap
Oh Leadership of '83 Havurah we missed you
But Can we borrow your shampoo?

Oh Leadership of '83, Now you smell us, Soon you won't!

Sung To The Tune Of "1999"

We were hiking when we wrote this, forgive us if we go astray
But when we woke up Sunday Morning (we) couldn't tell if it was night of
day
The shy was still dark out, there were people sleeping everywhere.
Looking one bunk to another (we) couldn't even find underwear.

5:30 in the morning, hike is starting, but we're still sleepy
But now we're gonna party cause we're Leadership '83

They put us in a cattle car and dropped us in a field of weeds
Then we started hiking with Don and Rabbi in the lead
We made it to Mount Boney with lots of blisters on our feet
We ran out of water and we couldn't even stand the heat

3:30 and we're lost, where's the water that you promised me!
Now we're gonna party cause we're Leadership of '83

Sung To The Theme From "Sesame Street"

Sunny days, hiking the miles away
On my way, to where the air is clean
Can you tell me how to get, how to get to Mount Boney (how to get to Mount Boney)

Water fights, crunchy burgers, wolves at night
Talent shows and funny “knock, knock” jokes
Can you tell me how to get, how to get down to the beach (how to get down to the beach)

Making friends, giving a helping hand
Hiking to the beach and playing in the sand
Can you tell me how to get, how to get to camp again (how to get to camp again)?

Sung To The Theme From M*A*S*H

Before we start the hike again, we slide down hills on our rear-ends
To brush against some poison oak, and hear some stupid “knock, knock” jokes

Chorus: But hiking is not painless, we may get many blisters
but we can only smile and hike some more!

Lending a hand to those in need, while hiking through the brush and weeds
Maca-waca was our chant. Oh no! I see another ant! (Chorus)
