

SONGS OF LEADERSHIP 1997

Cheers

Hey Baby (We like it like that)
We're L'97 (We like it like that)
He..ey..ey baby (We like it like that)
We got soul, we got soul!
Stomp your feet to the Leadership beat
Clap your hands if you're ready to roll
Hey Baby (We like it like that)

Can you feel it?
It's the way it makes us feel
When we're at CHK, our spirit will blow you away
Cause we're red, and we're wonderful
And we're ready to rock
We're Leadership, it's an L thing
We're Leadership, we'll take the challenge every time
We're Leadership, it's an L thing
Cause we're red and we're wonderful
And we're having a good time!

Sung To The Tune Of "Obla-di, Obla da"

Chorus: Obla di, obla da hike goes on la
La la how the hike goes on

Howard started us out in the stakebed
We wanted to throw up all the way
And as he killed a snake with a five-foot pole
We learned that Rabbi Wolf was an ex-green beret

Bridge: In a couple of hours we will find the ole kybos
Till then we'll have Gold Bond and Micatin and
Green stuff on our nose (MATT AXELMAN)

Happy ever after at Circle X

With eating, talking about the old camp
We woke up in the morning with bugs in our mouths
And sleeping bags that were extremely damp (Chorus)

Sung To The Tune Of “Obla-di, Obla da” (Continued)

Tushy touch downs, telling jokes and UFOs
Grotto posse, berry poop and friends
With boker mediocre going all day long
Our hatred for Camp Swig will never end (Chorus)

When we got to camp we hoped that we'd see Boo
Be he's been dead for almost a year
We had steak for dinner last night at the beach
Along with A-1 sauce and lots of beer (JUST KIDDING) (Chorus)

Last time: And we had some fun...but now we're going to bathe!

Sung To The Tune Of “What I Got”

Early in the morning, rising with the sun
Grab a little breakfast and we're off to have some fun
Got to find a reason, reason to go on
Got to find a reason, why our water's all gone

We got fifty blisters, but we can still get by
We will keep on hiking even though we're gonna die

Break is too short, so use the one you got
Cause you might have to pee and we never can stop
We never leave trash, we carry it on our backs
Always asking Adam if it's time for a snack

Take a small example, a tip from me
Hike of '97 is where we want to be

Love's what we got!
