

## SONGS OF LEADERSHIP 1973

### Sung To The Tune Of "Opus 2" by Don Gascewicz

Refrain: We went on a hike, we had lots of fun.  
Afterwards we were all tired, we sat in the sun.

We hiked up Mount Boney, we were feeling rather groany  
and the feeling wasn't phony, so we climbed and climbed and climbed and  
climbed...

The bats flew all around, they soared above the ground,  
They made an awful sound that made us want to pound and pound and pound  
and pound...

We went in the creek, and there was lots of poison oak,  
We got sunstroke and itched and itched and itched and itched...

The game of "Capture the Flag", really wasn't fair,  
Then we sat around a fire which really wasn't there

Wayne told us a story, the plot was really gory,  
Then we went to sleep and snored and snored and snored and snored....

The horses ate our trash, their eyes were filled with fear,  
Our food was so bad I'm sure they had the right idear, idear, idear, idear....

We stayed at Point Magu, and there our lunch we got.  
The camping ground at Point Magu looked like a parking lot, a lot, a lot, a  
lot, a lot...

(Repeat Refrain and First Verse)

### Sung To The Tune Of "Sheeru Ladonai"

Leadership '73, hiked to Mount Boney.  
We are the best you see - Leadership '73  
Hike, hike, hike, - fall, fall, fall

Hike, hike, hike, whee...etc.

### **Cheer**

We used to perspire - just to be sociable, but then we fell in with the Leadership Crowd.

And now we SCHVITZ!

LEADERSCHVITZ '73 (Repeat)

### **Sung To The Tune Of "We Love You Conrad"**

We missed you Junior High, oh yes we do,

Each day while hiking, we thought of you

But now we're back again, Yahoo!

Oh, Junior High we love you!

### **Sung To The Tune Of "Country Roads"**

Chorus: Leadership's coming home  
To the place we belong  
Camp Hess Kramer, Malibu Momma  
Leadership, coming home.

Almost crazy, hot and smelly

Stinkin' like an out house, dirt is on our bellies.

Now that we're done and are all back here,

We have something to say to the people we love dear (chorus)

We slept at Sanchez and played horseshoes,

Slept on the hard rock and boy did we get bruised.

Woke up to the sun a started hiking once more

And now that we're back my G-d, our feet are sore!

### **Sung To The Tune Of "I'm Getting Married In The Morning"**

We're going hiking in the morning, put on your hiking boots, let's go

We'll have a great time, it won't be a hard climb

Just get us to Mount Boney on Time!

We're going hiking in the morning, we really hate to leave you all.

We're gonna miss you, one last time we'll kiss you

Just get up to Mount Boney on Time!

Da, Da...(March in Place)

We went hiking Sunday morning, we put on our hiking boots and left  
We were mistaken, our feet, they were achin'  
But we made it to Mount Boney on time!

### **Sung To The Tune Of "I'm Getting Married In The Morning"**

(Continued)

Then we went hiking Monday morning, we hiked through the spider webs  
and grime

We ran through the grasses, almost fell on our... "tushies"  
But we made it to Magu on time!

We're back at CHK this morning, we're really glad to see you all  
It was a hard climb, but we had a great time,  
But just get us to the showers on time!

### **Sung To The Tune Of "Rise and Shine"**

Chorus: Rise and climb and get up to Boney, Boney (3x)  
Leadership '73

We got up at six and climbed up Mount Boney, Boney  
Where they fed us oranges and Baloney, Baloney  
the we danced and rested our bonies, bonies  
Leadership '73 (Chorus)

They met us at Circle X, where we had a water fight  
Then down to Sanchez where we spent the night  
Horseshoes, steaks and lotsa insect bites  
Leadership '73 (Chorus)

Then came Mark Brenner to lead us on  
Blazed our own trail while singing some songs  
Hiked in poison oak all day long  
Leadership '73 (Chorus)

Woke up on Tuesday and hiked back to CHK  
We're glad to be home and we think that we will stay  
But we loved it, all the way  
Leadership '73 (Chorus)

YEAH LEADERSHIP '73!

**Sung To The Tune Of "The World Is Coming To A Start"**

Chorus: Leadership ain't coming to an end my friend  
It's just coming to a start  
I feel it in my heart  
Oh Leadership can't be beat!

Did-ya ever get the feeling when you hiked to Boney, you'd never make it  
down?

When you reached the top and looked beneath the ground was so far down.  
Well it just may be that what you see is the Leadership of '73 (Chorus)

We slipped and slid down to Circle X where we got very wet,  
And we hike on down to Sanchez where we had fun you bet.  
We ate delicious steaks and corn and stayed until the early morn (Chorus)

We started up a great big hill which really was a thrill  
We cut through weeds and grass and oak, 2 people took a spill.  
We hike till we got to Point Magu, then we were almost through (Chorus)
