

SONGS OF LEADERSHIP 2003

Sung To The Tune Of "Stand By Me"

When the hike is done, and we all had fun

Laces undone, friendships come, laughed a ton (Da, da, da, da, da)

No we won't, won't forget, all of the times we spent

From Vashkon, on and on, Harachaman (Da, da, da, da, da)

So fuchsia, chartreuse, orange

You glad to be '03

L'03, place to be, can't you see L '03 (Da, da, da, da, da)

CHK is our special house, where we found a mouse

And when the night is too bright, turn off the moon (Da, da, da, da, da)

Thank you Dave, and the rest, for a time that was the best

You were great, cooked us steak, that we all ate. (Da, da, da, da, da)

So fuchsia, chartreuse, orange

You glad the red team is here

Don't you fear, friends are near, hear our cheer, L '03 (Da, da, da, da, da)

We had, a real cool time, in the grottos, filled with slime

Or at Hilltop, wrestling nonstop, in the mud (Da, da, da, da, da)

Leadership, phenomenal, a mixed group, one and all

Some are small, others tall, hear us call (Da, da, da, da, da)

So fuchsia, chartreuse, orange

You glad to be '03

L'03, place to be, can't you see L '03
