LEADERSHIP 2024

Sung to the tune of "Lush Live" by Zara Larson

Paige spent her day braiding really fast
Kat made sure that Dara wasn't last.
Staying up all night with spiders.
Walking up the hills we're fighters.
Had to wake up at the crack of dawn.
We didn't know when the end would come.
Watching for the water tower
Wow, we really need to shower.

It was so hot.
Tate, we really need your fan a lot (NO)(only Tate)
Ruda on a rush, AvA not so much.
What time is it, I don't know I just work here.
Ben was cruising, till he took a fall.

Celebrating Nat it was a blast.
Ooh yuck. Our sandwiches were mashed.
No more funnions, what a bummer.
Too hot for a hot girl Summer.
Warning that there is poop on the trail.
Vamos à la Playa was a fail.
Yoni kept on lying.
By the end Hayden was crying.

Moved to the right, Remy sleep talks through the night.
Lev filma our Vlogs, what is up Logang
Luke doesn't care, Eden sunscreen in our hair.
Werewolves gave Kayla a scare, oooo

Hill low, Hill high, still wondering why?
We have to do this anymore.
Maya says she hears us snore.
Hill low, hill high, still wondering why?
We have to do this anymore.

Jemma ran up the hill no struggle
Maisie's food looked just like rubble.
Never closed the bathroom doors.
Raccoon creeping on all fours

Playing card games for hours on end.
Fener's reading schedule wouldn't bend.
Named that animal japle jelly

O.M.G. We are so smelly
Michael Stern is such a shmush.
Eden's crocs are really cute.

Now we finished up the hike.
We have memories for life.
Hannah has a lot of hats.
Ella is working on her abs.
Now we finished up the hike.
We have memories for life.
