LEADERSHIP 2023

Sung to the tune of "We Don't Talk About Bruno" from the movie Encanto

We don't talk about the hike, no, no, no
We don't talk about the hike, but!

It was the crack of dawn
We were getting ready and there wasn't a sun in the sky (no one knew what time it was)
Kathryn walks in with a mischievous grin (wake up)
We're gonna be late for the hike (halt production)

We weren't allowed to pay it forward (we wanted cookies)
Matthew met the parents (they were really impressed)
Hiking up the steep terrain
What a sweaty day but anyway

Long mile hike, sweat on all our backs
When we stand too fast it all fades to black
Yeah we nature peed, may the lizard rest in peace

Kathryn said 20 more min, an hour passed
Ohh noo
They told us the food was good just like they said
Jessica said our braids would last now look at our hair
Ohh noo
Your body will be tired when you rely on just bread

They set those boundaries last night for nothing
Too bad Max did not wake up
Jake said aliens would come but they didn't
So we slept through the cold sandy night
(guys Rebecca's on her way)

They told us not to talk to strangers
But they lit fireworks
We hid in the bathroom
It's like were there right now
Hey L'ship, we want not a sound out of you
We want to be there now

Umm, about the hike

We really need to know about the hike
Tell us the truth what is the time?

You guys Dugan's here
Time for the hike

Long mile hike, sweat on all our backs
When we stand too fast it all fades to black
Yeah we nature peed
May the lizard rest in peace

We don't talk about the hike, no, no, no
We don't talk about the hike
