

## SONGS OF LEADERSHIP 2015

### Sung To The Tune Of "Year 3000"

For three days, we woke up, at sunrise  
And it was really cold.  
Set out, for Eshna and sang songs  
Cause that's just how we roll  
At the beach, got caught in, a riptide  
Everyone almost died

They told us that we were almost  
There 'bout 500 times, yeahhh

#### Refrain:

We've been to the step 30,000  
Not much has changed, but Stern's got a pedometer  
And Kyle Weber brought his mother  
She's on the hike (on the hike)

#### Bridge:

We woke up at four in the morning  
Took a hike to Mt. Boney  
Went through the wheat fields, they were thorny  
We made it up the hill in 30  
Not to brag but 30 minutes  
If you didn't catch that, 30 minutes (scream)!
