

SONGS OF LEADERSHIP 2010

Sung To The Tune Of "Build Me Up Buttercup"

Why do you wake me up (wake me up)
At four in the morning, just to make me hike (make me hike)
Without my leaf blower
And worst of all (worst of all) the badgers will eat us
If we're wearing plaid (wearing plaid), got lost and we're mad

Chorus: We're LX, Leadership and its 2010 baby,
You know that we hiked really far
So feed me food (feed me food)
Gilman please don't let us starve

Circle X marks the spot, on the way pop and squat
Doesn't work, someone just peed in their pants
Don't know what's the time, 'cuz I cant seem to find my Rolex
Wait, where did Eddy go?

Red, red, red, sneaky pirates I really tried
X, X, X to pull your ear before you run and hide.
Know someone's under the Kai-bo chunder, waiting for you

Why did we have to find (have to find)
The dead rat lying in the grotto caves (grotto caves)
Where we all found our zula
And worst of all (worst of all)
The boys were all whipping that dead seagull (dead seagull)
As the dolphins all jumped (chorus)

Leadership Hike 2010, are you out there?

Leadership 2010 (clap), No Regre-X!
(Put your arms up in an X!)
